

THE MOST TRUSTED VOICE IN LUBRICATION

Source: Publisher's Own Data

NOT JUST A MAGAZINE, A TRUSTED ADVISOR

Machinery Lubrication is published by Noria Corporation, a trusted advisor to the world's leading organizations. Our services are disseminated through consulting services, training courses, publications, webinars, videos and books. For nearly 20 years, Noria has been delivering world-class lubrication -enabled reliability programs to companies across a wide variety of industries. Because of this level of expertise, readers trust the advice offered in *Machinery Lubrication*. It also means our esteemed publication can provide the credibility to help sell your products and services through our various media outlets.

Whether you choose print ads in our bi-monthly magazine, website banner advertising or marketing in our highly read e-newsletters, an investment in *Machinery Lubrication* is guaranteed to provide results.

SPONSORED WHITE PAPERS

Sponsored white paper promotions illustrate common business problems that your customers encounter. They inform and educate readers on possible solutions and motivate them to consider using your company's product or service to solve those problems.

\$4,900/MONTH

Dedicated Email. Readers receive an email alert notifying them of the availability of your white paper.

E-Newsletter. Your white paper is featured in one or more of our popular e-newsletters to deliver even more qualified prospects.

Homepage. Readers can link to your white paper from the website homepage.

Relevant Articles. To maximize your exposure, your white paper will be linked to relevant articles on the website.

White Paper Library. Visitors may also find your white paper in the website's White Paper Library.

Lead Generation. Prior to viewing your white paper, the reader completes a brief registration form. The registration data is sent to you via email.

ABOUT US

Noria Corporation, based in Tulsa, Oklahoma. (USA), was founded with the single focus of helping user organizations improve machine reliability through the deployment of best practices in lubrication and oil analysis. Our approach has changed how organizations manage and monitor lubricants for maintaining optimum reliability and safety.

We trust that lubrication excellence is a catalyst to remarkable machine reliability. We believe that industry has realized only a fraction of the opportunities that are achievable through lubrication-enabled reliability. Our mission is to inspire change through education by providing tools, resources and expertise so the world can achieve the tremendous potential that lubrication excellence has to offer.

One of the many special qualities that differentiates us from other publishers is that Noria is not just a news collector but also a creator of original content, including articles, videos, webinars, images and engaging infographics. We believe that you should practice what you preach. Practicing in the field about which we publish improves the quality, timeliness and usefulness of our editorial content.

"We don't just write about it - we actually do it."

Training – Our Machinery Lubrication and Oil Analysis certification training courses are the standard worldwide. Tens of thousands of plant and industry professionals have been trained by Noria.

Consulting – Noria expert consultants are in industrial plants every day, designing lubrication programs, setting lubrication procedures and demonstrating equipment reliability best practices.
