APRIL 22-24, 2014 | HENRY B. GONZALEZ CONVENTION CENTER | SAN ANTONIO, TX

Join us for the 15th annual Reliable Plant Conference & Exhibition, the premiere global event for machinery lubrication, oil analysis and reliability, featuring nearly 80 learning sessions and case studies from industry leaders such as:

YOUR PASS INCLUDES

- Access to opening session and keynote address
- Admission to exhibit hall all three days, including daily refreshment breaks and evening receptions
- One complimentary learning session of your choice
- Participation in the Craftsman® MEGA Garage Tool-set giveaway

(Pass does not include pre-conference workshops, all conference learning sessions, conference proceedings on CD, daily lunches, and certification exams.)

WHAT'S EXHIBITED?

In the exhibit hall, you'll find leading suppliers displaying innovative products and services in condition monitoring, predictive and preventive maintenance, machinery lubrication, reliability best practices and much more.
